Description:

1. When the Practical Intensive Chinese Course is selected for one semester, it is possible to additionally take practical training courses of professional skills such as Unmanned Aerial Vehicle Control, Intelligent Robot Assembly and Debugging, 3D Printing, etc., but additional fees will be charged;
2. The class time of the Chinese Advanced Course will change due to the difference in students' actual Chinese foundation and the distinct courses selected. Students' class time shall be subject to the actual situation;
3. The tuition fees for courses less than one academic year comprise the fees for teaching materials; The tuition fee for courses of one academic year or above does not include the fees for teaching materials. Before a class begins, the college will conduct a placement test and students can enter the corresponding classes according to their current Chinese proficiency;
4. Summer courses include free visits to places of interest in Beijing (such as the Great Wall, the Forbidden City, and the Summer Palace, etc.);
5. According to the needs of various groups and individuals, a series of courses such as Chinese Language, Chinese Culture and Chinese Studies are offered all year round. The class time is flexible and the teaching content is customized, with abundant and colorful practical investigation activities. Consultation and discussion are welcome;
6. There is no class on legal holidays;
7. If the selected course is not available due to the insufficient number of applicants, the students will be switched to adjacent projects in priority;
8. Registration fees will not be refunded if the registration is canceled for personal reasons (Application fee: 600RMB).
